Опис

Hard skills:

Experience with Python (working with APIs and PyTest)

Experience with Robot Framework

Experience in writing Shell scripts for Robot Framework

Work Experience:

01.12.21-01.05.2023

1. Creating test cases using PyTest and APIs

2. Creating bug reports using Azure

3. Testing new features and creating bug reports

4. Working with APIs in Postman

5. CI/CD in Azure

Worked at EY on a product that converted documents into machine-readable format based on prealgorithms and templates. My job involved testing the functionality of various services used in this

project, which ultimately contributed to the end result.

01.12.19- 01.10.21

1. Creating test cases using the Robot Framework (BDD, Page object pattern)

2. Creating Python scripts to work with APIs

3. Writing test cases in TCMS KIWI and Google Sheets

4. Testing new features and creating bug reports

5. Communicating with technical and customer support to find and report bugs in production

Worked at Synthetic Marketplace, which is a service for product search, price comparison, and

convenient shopping. Wrote test scenarios using Robot Framework as it was built on top of pytest

+ selenium, which was sufficient for web testing.

Quality Assurance Skills:

1. Cross-platform and cross-browsing testing

2. UI/UX testing

3. Communications with customers

4. Ability to locate and describe a problem.

5. Ability to thoroughly analyze and report test results.

6. Understanding the specifics of the client-server architecture

7. Good understanding of SDLC, STLC;

8. Writing Checklists

9. Writing Test Cases

10. Writing Bug Reports

11. Functional/non-functional testing, smoke testing, regression testing;

Version Control System:

Git bush, SourseTree, Azure

Continuous Integration

TeamCity, Azure

Bug tracking and task manager system:

JIRA, YouTrack, Azure

Development tool:

PyCharm, Postman, GoogleDevTools

Other skills:

Experience with Appium framework

Experience with Linux

Experience with JS

Experience with Cucumber

Courses:

English; QA.

Extra skills:

Languages: Russian – native

Ukrainian – native

English – upper-intermediate
