Опис вакансії

Project Overview

We are seeking detail-oriented freelance AI Content Evaluators to support a high-impact data annotation project.

In this role, you will review content and assess its alignment with provided guidelines. This involves evaluating different types of content and applying structured criteria to ensure consistency and quality across annotations.

Full scope and task details will be covered during onboarding. This is an opportunity to contribute to a project that directly supports content quality and user experience at a global scale.

Project Details

- Location: Remote – Ukraine
- Target Language: Ukrainian (Ukraine)
- Team: Welo Data – AI Services
- Engagement Type: Freelance – Remote
- Start Date: Immediate
- Duration: 2–3 weeks minimum
- Availability: Part-time
- Pay Rate: Based on tasks (approximately 7 USD per hour)

Responsibilities

- Review content based on defined guidelines
- Evaluate and annotate different types of content using structured criteria
- Apply consistent judgment to ensure annotation quality and accuracy
- Follow project guidelines and adapt to updates as needed
- Complete tasks within agreed timelines on a flexible, part-time schedule
- Participate in onboarding and calibration sessions

Qualifications

- Native-level proficiency in the target language (C2 or equivalent), with strong command of grammar, fluency, and regional usage
- Professional experience in localization QA, translation/revision, linguistic tasks, or data annotation for AI/ML systems is preferred
- Strong analytical skills and ability to follow structured guidelines and make consistent decisions
- Fluency in English to understand instructions and communicate basic reasoning when needed
- Strong attention to detail and ability to maintain consistency across tasks
- Comfortable working with evolving guidelines in a fast-paced environment
- Familiarity with digital content platforms (music, podcasts, media) is a plus

Requirements

- Availability to commit to the project duration and expected workload

- Reliable internet connection and access to a personal computer
- Ability to work as an independent freelance contractor in the target country
