I made edits on client sites (layouts, replacing media content, working with databases)

COMMUNICATION SKILLS

- English - Upper-Intermediate(B-C) + technical inclusive
-
- Native
-

EXPECTATION FROM WORK

I will take up a unique and interesting project. I'm ready to make SPA applications built on js framework (React, Vue, Angular) and take part in the development of business logic. In the future, I want to re-qualify as a React developer or depending on the project.
