Опис

SHERBAN KOSTYANTIN

QA Automation

CONTACTS

Vinnitsa, Ukraine

SKKILS

Java, Selenium WebDriver, Selenide, CSS, HTML, JUnit, Jira

Ukrainian (native) English (B1)

EXPERIENCE

Computer Science (Stanford course)

Completed 4-month courses in the JAVA programming language; Development of projects of various complexity, among them:

- · archiver by Huffman's algorithm
- photo recovery program by increasing the brightness of pixels
- · calculating an arithmetic expression from a string
- writing collections of type ArrayList/LinkedList/ HashMap/Queue/Stack
- · graphic programs and animation

I have great experiance in it because I work as a QA Automation Engineer during 3 years in company Temerix which provide data-driven Business Intelligence solutions that make optimal pricing, distribution, and demand generation possible for hotels and travel organizations.
