Company(UK)

General worker

October 2021- December 2021 Goods manager

ATB-Market

January 2022- March 2022 Crewing Manager

Amergo Group Agency

I have completed practice at the 5-star hotel in Germany, which took place during the summer 2012.

Since 1 of May 2014 till September 2014 worked as an assistant waiter in TuiCruises on MeinShiff 3 cruise ship.

The opportunities to work in tourism industry gave me chance to increase my communication skills. Nowadays I have huge experience of communicating and dealing with native speakers and other foreigners.

After seagoing experience started as self-employed English written translator. This kind of occupation lasts till current time

as a side job occupation.

Last summer I had chance to work in the United Kingdom of Great Britain for the agricultural company named The Summer Berry Co. I started as general worker but by the end of my contract I was conducting initial instructions and translations for other newcomers.

My last occupation used to be in a position of Crewing Manager. During that time I was in charge of various tasks especially of dealing with and finding international shipowners and foreign seamen. I have successfully accomplished this task. I found several international shipowners (Middle East Company and Arcadia Singaporean shipping company)for the future cooperation with my company in a very short time, and managed to be able of finding foreign seagoing staff on a constant basis. Which was a task of a high level of difficulty.

Have good feedbacks on my work and duties I have accomplished.

Several previous employees are available to connect.

Interest and Hobbies:

Sport

Foreign languages

Travelling

Reading
