Опис

Ihor Kosianenko

Junior JavaScript Developer

I'm a passionate frontend development with a huge desire to learn new and improve. Currently I'm looking for a new challenging project to develop myself even more. I have profound knowledge of HTML5/CSS3 including preprocessors (Saas/Less), good understanding of responsive web design and high proficiency in working with native JavaScript & Frameworks (React, Bootstrap). I am hardworking, able to maintain good quality of work tasks. Experience has shown, that I am also a fast-learning individual.
