Опис

Solution-driven Front end Developer with over 2+ year of experience who is

comfortable working with JavaScript, HTML / CSS, and responsive web design to deliver

exceptional customer experience. Built web applications meeting highest standards for

web design, user experience, best practices and speed.

Passionate about my development as a developer, so I always find an opportunity

to learn new technologies and improve my level of knowledge.

Looking for a challenging role as a Front end developer in a company where I could utilize

my skills in web design and other metrics tools and use these skills in providing quality

service to the company.
