EXPERIENCE & PROJECTS

Ye-Vybuh (єВибух) 2022

The application intend to help people during the terrorist actions in Ukraine.
Typescript | React | Redux (Saga) | Docker | Nginx | Websockets

Used Google maps API for tracking incidents on the territory of Ukraine. By selecting one of the sources / channels where the news are tracked, the group receives data displayed on the map, where group members are also visible, to check the status of people in the "arrivals" zone, there is a functionality to check whether a person is safe.

Node-compiler 2023 Javascript full-stack application JavaScript | Node.js | Express | PostgreSQL | AWS S3 | Jest | RabbitMQ | Docker | Cron Node.js compiler for javascript and python code, creates a docker container per request and returns output with queue system. Implemented with PostgreSQL for storing all results and AWS S3 bucket for scheduled dumping with Cron.

React-Native "AIR" 2023 Native app with camera and AWS recognition service Typescript | React-Native | Reanimated | Jest | Vision-Camera Front-end part implemented with RN, with help of vision-camera module and AWS serverless stack backend. When the button is pressed, several requests are made to the server and the user receives recognition results.

Forum 2022 Single page forum website Typescript | React | Websockets | RTL | Jest | Redux | Redux-Saga | Docker | Ngnix Small forum with live chat on websockets, authorization/authentication(bearer). Backend written on python.

Hello Sun weather app 2022 Weather forecast website with help of weatherAPI Next.js | NextUI | Jest | RTL Booking Place 2022 Booking.com replica React | Node.js | Date picker | Jest | RTL Booking Place admin dashboard 2022 Admin

dashboard for

BookingPlace website for user, data management, graphs and charts React | Node.js | React charts | Jest LinkedIn clone 2022 LinkedIn clone website with auth and live posts fetching funcionality React | FirebaseDB | Jest | RTL Eventier DnD scheduler 2023 Drag and drop website Next.js | Drag&Drop | NextUI

EDUCATION
Kryvyi Rih National UniversityBachelor's degree in economics 2017-2021 LinkedIn education - Node.js, Next.js courses /Udemy - React.js course , Vue3 2022
