Опис

I'm an experienced Software Engineer with a passion for programming custom software products. I'm confident in my ability to contribute to your team and improve the development of innovative software solutions.

During my carrier as a Software Engineer, I have developed a strong skill set in web-based development, including desktop + mobile applications, utilizing a wide range of technologies and tools:

- Front end: JavaScript, TypeScript, Vue, Nuxt, Angular, AngularJS, jQuery
- Mark up: HTML5, CSS3, TailwindCSS, Vuetify, SCSS, SASS, Less, Stylus, Bootstrap
- Hybrid: NativeScript, PhoneGap, Cordova, Electron
- CMS: Adobe Experience Manager (AEM), EPIServer
- Tools: Git, Gulp, Grunt, Webpack, Vite
- Testing: Jest
- Store: Vuex, Pinia
- Back end: Elixir, Erlang, Phoenix, Ecto, PostgreSQL

Beyond my technical skills, I am a positive and friendly individual who thrives in a collaborative team environment. I am an effective communicator and always strive to encourage and support my colleagues. I would be a valuable addition to your team, bringing both technical expertise and a positive, team-oriented attitude.
