Досвід роботи

Head of Technology

PIN-UP.TECH (Services),
01.2024 – По теперішній час (2 роки 9 місяців)

Обов'язки:

PIN-UP.TECH develops software for the iGaming industry, specializes in technological solutions.

- Spearheaded the transformation of the iGaming Platform from a B2C to a B2B solution, driving strategic shifts that expanded market reach and scalability

- Established a comprehensive set of development metrics , increasing development velocity by 15% and product quality by 25%

- Led the launch and scaling of multiple strategic iGaming projects, including complex, multi-environment deployments , ensuring successful and timely delivery

- Actively contributed to the Compliance team, successfully securing MGA and GLI certifications to meet industry standards.

- Built and defined the Head of Technology role, establishing structure, strategy, and leadership for a newly created position to guide the technology organization

- Led the transformation of the Product Platform department into business-aligned domains , improving focus and scalability in line with the Domain Ramp-Up policy

- Significantly optimized quarterly planning processes, enhancing cross-team coordination

, transparency, and delivery predictability, resulting in a 12% increase in the number of features released

- Introduced and championed an architecture practice across responsible domains, strengthening system design and enhancing technical governance

- Built and nurtured high-performing teams, emphasizing talent development , fostering an ownership culture , and ensuring long-term capability growth

- Played a key role in the design and optimization of Cloud Architecture , initially focusing on Cloud-Native

solutions, then transitioning to Cloud-Agnostic strategies, and even contributing to the development of a partial Cloud Exit/Repatriation strategy.

- Played a key role in transforming the company and department into cross-functional teams , providing strategic leadership to foster collaboration and drive organizational change.
