Досвід роботи

Project & Data Analyst (BA/PM Support)

Gravity (Modern and Transparent Public Sector Financial Management), Miami, FL

11.2020 – 03.2025 (4 роки 3 місяці)

Обов'язки:

- **Requirements Execution & Data Validation:** Successfully automated end-to-end complex financial reports (ACFR, PAFR), effectively **translating business data needs into final technical outcomes** and utilizing SQL for data validation.
- **Project Lifecycle & Jira:** Actively assisted Project Management in planning and **tracking project tasks within Jira**, ensuring continuous communication and progress monitoring.
- **Stakeholder Management & Discovery:** Provided critical technical support (Service Desk), **identifying and resolving user pain points** (Troubleshooting), a key skill for the Discovery phase.
- **Documentation:** Led the preparation and support process for over 100 Annual Reports, demonstrating experience with **complex and critical documentation**.

Data Visualization Designer / Graphic Designer

Luxoft (Global digital strategy and software engineering firm providing bespoke technology solutions that drive business change.), Київ

08.2018 – 10.2020 (2 роки 1 місяць)

Обов'язки:

- Specialized in converting complex datasets into **clear visual narratives** (Infographics) and effective presentations for business stakeholders, showcasing strong **written and verbal communication skills**.
- Managed aspects of **Web Design** and graphic imagery, providing a strong foundation for effective collaboration with **UI/UX teams** (Figma).

Digital Designer / Graphic Designer

Netcracker Technology (Netcracker is the strategic digital transformation partner for service providers around the world), Київ

12.2016 – 07.2018 (1 рік 7 місяців)

Обов'язки:

My daily responsibilities included developing and creating presentations for various purposes. I also worked on the visual design of websites, as well as the development of user interfaces (UI) and enhancing user experience (UX) for digital products. Part of my work involved creating data visualizations, such as charts, graphs, and infographics, including using tools like Infogram. Additionally, I was involved in selecting and applying typography, working with text elements in various

design materials.
