Описание

I have been studying on course of graphic design since November.

Now at the stage of writing a thesis, which includes a presentation and create a new brand (logo) or rebranding.

My presentation is ready. I have works that I prepared during my studies. At the end of the studies, we will have to create our first portfolio...

I am very sorry, but due to the well-known terrible events, this has all been postponed for an indefinite period. But I don't want to waste time and would like to start working as a junior already.

I need job and I want to work a lot and hard. Perhaps you could accept me.
