EXPERIENCE

Java Developer,

Training projects, Aug 2022 - Oct 2022

- Taxi service GitHub

Technologies: JDBC, Servlet, SQL, JSTL, MySQL

Description: It is a great service for taxi companies , where you can manage your cars,

manufacturers and drivers. There is also a possibility to register and authenticate drivers and manage their cars.

- Cinema app GitHub

Technologies: Hibernate, Spring, Spring MVC, Spring Security, SQL

Description: It is a great app , which allows you to manage the life of a cinema. There is a

possibility to register and authenticate users, who can add some tickets of a certain movie and cinema hall to his shopping cart and then buy them.

EDUCATIONH.S. Skovoroda Kharkiv National Pedagogical University - teacher of history and archeology

ADDITIONAL EDUCATION

- Java course at Mate academy (OOP, Java 8+, Spring, Hibernate, SpringBoot, Multithreading)
- SQL course at Mate Academy
- Java course at GeekBrains

SELF-EDUCATION

- CodeWars [289 Honor]
- Udemy: “Java get a black belt” from Zaur Tregulov
- Book: “Java: The Complete Reference”, Herbert Schildt
- Book: “Java Programming for Beginners”, Mike McGrath

ACHIEVEMENTS

- In three years in the restaurant industry, I got promoted from waiter's assistant to bar manager
- Was the head news editor of 4 Telegram channels in Russian/Ukrainian/English
- In high school, I won the Olympiad of World History
- Played soccer, a former player of the junior FK Arsenal Kharkiv, and a number of amateur teams
- Played volleyball, together with my school team I won district competitions and played in regional competitions. After that, because of my short stature, I could only play at amateur level.
