Profile Details
I have been working as a JavaScript developer for more than three years now and Khmel’nyts’kyy
possess extensive expertise utilizing widely spread JaveScript tools such as React, Ukraine
Node.js along with relational and non-relational databases: MySQL, PostgreSQL, +380963383746
MongoDB, and experience writing scalable, readable, and easily maintainable code aijeykob@gmail.com
for web applications.
I'm a hard-working, energetic, and goal-oriented person who always seeks to find
Links
the most efficient solution to arising challenges.
Linkedin
My main strength is my ability to think analytically and use methodical approach to
the work I'm being tasked with. Besides that, I like to interact with people, exchange
opinions with co-workers and help others by giving qualified advice in the fields I'm Skills
skilled. Also worth emphasizing my ability to work effectively in stressful situations JavaScript
but I'd fairly prefer to avoid such situations as to my mind developer can thrive TypeScript
better if provided with the necessary tools and room for creativity.
React.js
Looking forward to productive, beneficial, long-term collaboration with like-minded
Redux
people.
