Описание

OLEKSANDR OBODOVSKYI

Date of birth: 18 June of 1985

SUMMARY

Hands-on experience in following spheres: 4 years as a programmer in 1C Enterprise, 5 years as Social Media Marketing Manager and 6 months as Crowd tester on Test.io platform. During my work as a crowd tester, I have gained experience that will allow me to build a career as a Software Testing Engineer and apply the knowledge gained in the process. What attracts me the most in software testing is a feeling that my work is meaningful. The biggest motivation for me is to see actual results of hard work, like released product or implemented feature and to know that I've contributed to this result as well.

MY STRONG TRAITS:

• Responsible and dedicated
• Attentive to details
• Have good analytical and communication skills
• Self-motivated
• Quality-focused team player

EDUCATION

2003 - 2008

Central Ukrainian National Technical University
