Описание

Experience and skills allow you to look for a job as a Full stack developer

I write in two programming languages Python and JS. I develop and maintain web applications in the Python programming language.
I will create logic in Python/Django/DRF(API) and JS/React JS, connect MySQL, PostgreSQL database. I will embed it in the template. I work with HTML CSS Bootstrap Tailwind CSS. I will set up Django connection with Frontend React, Vue, JS. I will do registration and authorization. I will set up email campaigns using celery. I work with third-party APIs. I will customize the admin panel. I make parsers. I can host a project on a Linux server and make it secure. I can pack it in Docker, Docker Compos. I have the skill and ability to understand other people's code.

From February 2022 to the present moment I have been cooperating with a Norwegian company that generates stores, Setesdal AS (Norway) Marketplace, the project will be completed soon, the maintenance remains. I have time for cooperation.

Some of the functional responsibilities:

- Deploying and scaling projects on Linux Ubuntu servers, Digital Ocean
- Implementing a platform that generates stores
- Introducing new functionality (API, Stripe, Django ORM, Django Rest Framework, JS) for existing stores
- Refactoring Python Django, DRF, Flask, JS, and jQuery code
- Working with databases in the project
- Filtering, queries, related lookups, CRUD operations, and rendering data in templates
- Implementing filtering functionality without page reload
- Implementing the Stripe Connect module for purchasing from multiple stores simultaneously
- Implementing various JS functionalities without page reloads
- Handling project front-end tasks (layout)
- Configuring Nginx, SSL certificates
- Implementing authentication and authorization using the OIDC protocol in Norwegian banks

Ключевые навыки:

- HTML
- CSS
- JavaScript
- ReactJS
- Python
- Django
- Django Framework
- FastAPI
- Linux Ubuntu, Debian
- Pycharm, Webstorm, Visual Studio
- Git
- PostgreSQL
- SQL
- Ajax(fetch)
- Docker, Docker compouse
- Trello
- I read technical documentation in English
- English at the level of Pre-Intermediate (A2)

Without bad habits. I lead an active lifestyle. Quick learner. Responsible, positive, proactive, result-oriented, and I always complete what I start. I will do my best to bring the greatest benefit. I have a third-degree disability; my right arm has not been functioning since an accident 20 years ago.

Projects React JS
