Описание

Профіль

28.12.1994

I am responsible and stress-resistant. I know how to do several things at once, delegate responsibilities and keep many tasks under control. I have a natural talent for communication with customers, I know how to get the best prices and offers.

And i am also sociable and people tend to listen and trust me.

I manage to find a golden mean between empathy and rules in communication with employees.

I am married, and have two children. Margarita 13.12.2013 and Markian 31.05.2020

Motherhood itself helped me develop so much patience and other positive qualities.

And it taught me that with sufficient desire and motivation, the impossible becomes possible!

I have an excellent sense of humor, an incredible intuition, a constant desire for self-improvement and the improvement of everything around me.

Also, I always try to improve my skills and learn something new.
