ABOUT ME

I am strongly committed to being professional and responsible in my work. I really want to do well and meet high standards, and this is fueled by a goal- focused mindset, along with a disciplined approach.

I'm good at adapting and learning new things quickly. I'm open to new ideas and am always looking for chances to come up with new and better ways of doing things in my work.

As a Junior, I have a total of 1 year of experience and 3 months of commercial experience with Dart/Flutter, Python ~ 0.5 mouths of experience.

Have experience on both the iOS and Android platforms

Basic knowledge: Kotlin, JavaScript, HTML, CSS, and using RDBMS such as SQLite, PostgreSQL.

I have experience with frameworks and tools such as Django, UnitTest, BLoC.

Additionally, I have basic understanding using agile methodologies such as SCRUM and Kanban.
