Описание вакансии

MindK is a software development company with an R&D office in Sumy, Ukraine. We develop complex web and mobile applications for our clients all over the world.

Currently, we are looking for a PHP Developer for joining our team in Sumy office on a full-time basis.

Some words about the project:

A SaaS solution that helps large companies in the Nordic region report, analyze and manage all the sustainability and environmental data (<https://www.mindk.com/work/cemasys/>).

Technologies used: PHP + NodeJS

Requirements:

- understanding of OOP;
- 2+ years of commercial experience in PHP development; experience with recent versions of PHP is a plus;
- experience with one of the modern web frameworks (Symfony, Laravel, etc.);
- knowledge with one of the modern Node.js frameworks: Express, AdonisJs, NestJS, Sails.js, etc...
- knowledge of JavaScript (OOP, DOM);
- knowledge of SQL and experience with MySQL or PostgreSQL
- technical English is a must (writing and speaking).

The company offers:

Office in the very center of the city with a kitchen, living room, PlayStatio and mini-gym. Besides, as a MindK employee you get:

- competitive salary that matches your qualifications and experience (depends on the results of a technical interview);
- career opportunities;
- the opportunity to attend free English classes;
- medical insurance;
- the opportunity to participate in conferences and events organized by the company;
- throw team building, parties, and corporate events.

Type of employment:

Full-time office work.

Paid probationary period.
