Описание вакансии

Engineering Manager

About the company:

Welcome to Olitex - the leading OEM technical textile factory located in **Dongguan, China**, manufacturing for top brands around the world. We develop and produce stroller textiles, baby carriers, tool bags and other high quality consumer products. Olitex is a part of the Starry Group, a privately Western owned manufacturing group of 9 factories and 5,000 employees in China and Myanmar.

Job Description:

We are seeking a professional product developer/engineer/designer who is full of creativity to join our team in a managerial position of an Engineering Manager.

Responsibilities:

- Meeting with customers to develop new ideas
- Managing closely all the big development projects
- Solving complex and urgent problems in development and production - in the factory and in front of customers and suppliers
- Improving production processes, integration of unique machines, jigs etc. (20% of job scope)

Minimum qualifications:

- Great communication skills in English
- Creativity and strong technical abilities
- Experience in working closely with customers
- Ready to live and work in China continuously (Dongguan City)

Preferred qualifications and advantages:

- **Experience and knowledge in strollers - big advantage**
- Chinese speaker – advantage
- Experience in an engineering/industrial design of textile/shoe products
- Bachelor's degree in Industrial design / Mechanical engineering / similar technical fields

Terms and benefits:

- Probation period – 6 months
- Contract for 3-5 years (minimum)

- Monthly salary – USD 3,000
- Flight tickets compensation (one time per year)
- Full working visa support
- Accommodation provided (up to USD 650,0 per month)
- Annual vacation and public holidays paid
- Full visa support to family members.
