Описание вакансии

Main tasks and responsibilities:

- Acting as a high-performing developer on .NET
- Developing comprehensive technical solutions in a team environment
- Analyzing and understanding an entire solution and the interfaces and dependencies between the technical components
- Code refactoring and reviewing

Requirements:

- Bachelor of Science in Computer Science or Information Science
- NET development experience with C# (WinForms, WPF, WCF)
- Demonstrate complex problem solving, critical thinking, and decision making
- Demonstrate flexibility and adaptability to ambiguity
- Demonstrate strong written, verbal, and interpersonal savvy
- Demonstrate attention to detail and time management skills
- Experience with SQL Server will be considered as advantage
- Excellent English language skills, both spoken and written

Our offer:

- A substantial degree of flexibility, allowing for an autonomous approach to performing duties
- Challenging and varied work
- Flat management structure
- Long-term prospects with plenty of opportunities for professional development and growth
- Excellent team-oriented and international working environment
