График работы:	полный рабочий день

Описание вакансии

M2E provides unique solutions for businesses working with the biggest marketplaces — eBay, Amazon, Walmart.

If you want to be a part of a team developing our own hub for eCommerce services and make a valuable contribution to the creation of the High Load project — join us!

We are looking for a talented person to hold a position of Account Manager.

What we expect from candidate:

- Fluent English (both spoken and written)
- communication skills: to onboard customers on a value they can get from our solution
- analytical skills: to evaluate the information and decompose it into details
- attention to details and tenacity
- quick logical thinking
- a challenging and inquiring mind

It might be an advantage if you have:

- experience as a customer support agent (or similar - sales, content writer)
- experience in conducting negotiations
- understanding of eCommerce (eBay/Amazon/Walmart) area

Responsibilities:

- work closely with new clients along with supporting existing customers and projects
- prepare individual plans of product implementation for the customers
- lead solution promotion and client training sessions
- build and maintain strong, long-lasting customer relationships
- proactively monitor news and updates of eBay, Amazon, and Walmart Marketplaces
- collaborate closely with technical support team

If you are interested in this vacancy, please send us your CV)
