Описание вакансии

Web developers (Javascript / .Net/C#, Java)

REQUIRED QUALIFICATIONS

Most commonly we are able to offer positions in projects for professionals who match to following criteria:

You are a motivated and enthusiastic Web Developer focused on JavaScript, Java or .NET

You already have +5 years work experience either in back-end, front-end or full-stack domain

You have solid skills with multiple key technologies, libraries, frameworks and tools related to your main expertise area in web development

You have worked with cloud services such as Google Cloud, AWS and/or Azure

You are always keen to learn and study new technologies

In order to find the right position for you and describe your experience and areas of interest. The potential candidates will be invited to an interview for further discussion.
