Описание вакансии

UKEESS Software House — Ukrainian IT software development company, specializing in big cloud enterprise projects from the USA: health, biotech, logistics, CRM systems, fin-tech, etc. Founded in 2004 in Lviv, we have grown almost to 100 talented Software Engineers, and this number continues increasing every month.

And now we are currently looking for a Strong Junior Angular Developer who wants to join our ambitious team for the full-time position in Lviv.

About our project:

This is an innovative automated cloud-based software that simplifies and efficiently manages a car buying process for B2C. The buyer, seller, and all stakeholders involved in a sale can easily connect, communicate, verify and close, in a fraction of the time Our customer is based in the USA and working with luxury car brands. This is the only car-buying solution to incorporate FinTech that creates an incorruptible digital ledger of economic transactions to automate and secure the entire car buying process.

Project technologies:

Angular 9/RxJS, Bootstrap 4/Lodash/AJV/Ruby 2.7/Rails 6/PostgreSQL/Trailblazer 2.1/AWS

And our ideal teammate will be doing next:

- writing clean, readable code using Angular2+ framework
- develop and maintain technical documentation related to the project
- work as a team player & communicate effectively
- work on creating the right clean code architecture
- participating in team code reviewing/discussions/modeling
- communication with the customer's team

Requirements:

- at least 1+ year of commercial experience with Angular2+ framework
- 1+ year of experience with HTML5/CSS3, SASS
- experience with GIT
- SOLID understanding of object-oriented programming
- Understanding design, architecture principles
- English Strong Intermediate +

It Will be a big plus:

- experience in building and consuming JSON-based RESTful APIs
- good understanding of RequireJS, RESTful services
- experience with responsive design
- unit-testing skills- Mocha, Chai, Karma, qUnit
- Agile methodologies and software development life cycles

What do we offer our new colleague?

- interesting full-time position in a highly professional team
- competitive compensation (also depending on the technical level of the candidate)
- flexible hours approach
- individual approach to a profession
- free English classes (online)
- 3 health packages to choose
- annual paid vacation and state holidays celebration
- bureaucracy-free and people-oriented culture
- modern, comfortable office facilities (a barbecue zone, kitchens, company paid lunches, lounge rooms, coffee machines, etc.)
- foreign business trips
- on-site parking lot and charge station for Electric Cars
- corporate gifts, celebrations, and fun activities
- sports activities: ping-pong, soccer, work-out
