График работы:	полный рабочий день

Описание вакансии

A young company that develops and promotes its products for global markets is looking for a Middle**Full Stack Developer** who is willing to find and offer the best solutions to perform project tasks.

Requirements:

- solid web fundamentals (HTML, JavaScript, and CSS)
- solid experience working with WordPress
- knowledge of backend (PHP, jQuery)
- familiarity with database technology such as MySQL
- familiarity with JavaScript frameworks
- understanding of SEO optimized and mobile layouts
- experience creating responsive websites
- semantic code
- English level — Intermediate (B1) and higher

Responsibilities:

- provide support for web projects based on CMS WordPress (Front-end and Back-end)
- participate in the development and implementation of a database
- create website layouts by using standard HTML/CSS practices
- optimize the speed of websites (mobile and desktop)
- perform bug fixing

We are ready to offer the following:

- Work with creative and experienced people
- Flexible working hours
- Full-time employment
- Interesting and creative tasks
- Competitive salary
- Possibility to grow up as a Full Stack Developer
- Training and assistance at all stages of work

If you are interested in working with us, please, send your CV with a cover letter (in English) to hr@betzillion.com.
