### Описание вакансии

We are a Product Technology Company, vendor of Integrated Intelligent Automated Platform for Intelligent Document Processing and No Code Document Workflow Automation **elDoc**.

We focus on exploring new ways to apply disruptive technologies and recent inventions to develop innovative automation solutions. Our Product is used by high-performing well-known companies around the Globe. We operate globally and have offices in Ukraine and Hong Kong.

We are happy to announce the opening new vacancy – **Java Developer**. We encourage to apply for this role the candidates who are willing to join a fast-growing Product Development Team!

### Requirements for candidates:

- Excellent knowledge of Java, 3+ years of Java based software development experience is MUST (knowledge of Java EE is advantage). The candidates without experience will not be considered
- Knowledge and experience in working with MongoDB
- Experience in web development: HTML, CSS, JavaScript
- Strong knowledge and ability to apply OOP
- Ability to clearly formalize algorithm of issue solving and ability to implement the developed algorithms in the most efficient way
- English – upper-intermediate / advanced

### The stack of technologies you will be working with:

- Java/Jakarta EE, CDI, EJB, Mongo Java Driver
- HTML, CSS, JavaScript, JSF (PrimeFaces)
- DB: MongoDB

### What we offer:

- You will be working in Product Development Team to develop / enhance the core Product
- You will NOT be jumping from one project to another – but you will be constantly focusing and working to create automation value for the core Product
- You will be exploring new ways on how to apply disruptive technologies to implement most valuable automated techniques in our core Product
- You would be working in a team of professional developers to drive the success
- You would get a great exposure to large global projects / experience working with well-known Ukrainian companies – market leaders as well as with international clients
- We offer great professional opportunities where your remuneration will depend only on your performance and success
- Remote work for the period of martial law for your safety

Interested? Let's have a talk!
