PATH is a global nonprofit dedicated to achieving health equity. With more than 40 years of experience forging multisector partnerships and with expertise in science, economics, technology, advocacy, and dozens of other specialties, PATH develops and scales up innovative solutions to the world's most pressing health challenges.

PATH is currently recruiting a Program Associate to contribute to implementation of Re-Envisioning Excellence and Accessibility in Clinic-based HIV Services (REACH 95) project funded by United States Agency for International Development (USAID) through the President's Emergency Plan for AIDS Relief (PEPFAR). This position is funded through July 31, 2028. Employment after that date is subject to availability of funds.

The overall goal of the five-year REACH 95 project is to accelerate Ukraine's efforts to achieve HIV epidemic control by 2030 by improving equitable access to high-quality HIV service delivery at public health facilities through optimized case-finding, linkage to prevention and care, and support for decentralized treatment services. The REACH 95 project aims to increase the number of people living with HIV (PLHIV) who know their status, are linked to HIV care, and receive treatment — to achieve the Joint United Nations Programme on HIV/AIDS (UNAIDS) 95-95-95 goals for HIV epidemic control in Ukraine.

Program Assistant will report to the Senior M&E and Strategic Information Advisor.
