Пожелания к сотруднику

Образование:	полное высшее
Опыт работы:	от двух лет
График работы:	удаленная работа

Описание вакансии

Orlanda Engineering OÜ is an international engineering company specializing in ventilated façade systems and building envelopes. We deliver projects across Estonia, Ireland, Poland, Israel and Turkmenistan. Our fully remote team of 20 professionals combines flexibility with technical expertise.

Требования, пожелания:

3–6 years of relevant experience.

Proficiency in AutoCAD, Revit, Civil 3D (or similar).

Strong knowledge of ventilated facade systems and installation technologies.

Experience with point cloud data and façade modeling.

English proficiency at B1 level or higher.

Обязанности:

Design ventilated facade systems based on architectural drawings and technical requirements.

Work with point cloud data to ensure precise alignment with existing building geometry.

Prepare technical drawings and documentation in compliance with international standards.

Collaborate with architects, engineers, and contractors to ensure high-quality project delivery.

Optimize material and technology selection for cost-effective solutions.

Условия:

100% remote work.

Competitive salary (negotiable).

Professional growth and training opportunities.

Supportive international team.
