Описание вакансии

We're seeking a talented .NET Developer to help shape the future of blockchain technology in innovative startup. If you're ready to make a real impact in a cutting-edge industry, we'd love to hear from you!

Core Competence:

- At least 2 years of professional experience in software development with a strong foundation in C#, ASP.NET Core, and Entity Framework.
- Proficiency in managing IIS, MS SQL, Visual Studio, and Docker environments.
- Familiarity with ODBC, LINQ, NUnit, xUnit, NuGet, and RESTful APIs, alongside Git for version control.
- Sound understanding of client-side and server-side architectures.
- Strong analytical thinking, with a structured, math or engineering-oriented mindset and a focus on delivering results.

Preferred Qualifications:

- Knowledge of ReSharper, experience with Azure, and familiarity with NoSQL databases.
- Experience with AWS and Linux system administration is an asset.
- Active participation in hackathons demonstrates innovative thinking and problem-solving skills.
- Upper-intermediate level of English for clear and effective communication in a global team.

What We Offer You:

- Competitive Compensation: Your skills and experience will be rewarded with a salary aligned with industry standards and your career ambitions.
- Innovative Work Environment: Be part of a forward-thinking FinTech startup with a culture of continuous learning, including tech talks and participation in hackathons.
