Опис вакансії

Intellimedia Inc. is an innovative information management and software development. We create value for our clients through products and services that improve quality, efficiency and enable data driven decision-making. Our clients are dynamic organizations from a variety of sectors, with a key focus on Education. Due to rapid growth, and a fast paced environment we are seeking a highly motivated **and experienced Software Developer to join our team.**

Job Description

- Designs, develops and modifies modules based on functional and system requirements.
- Work closely with the Team Leader for understanding the functional and system requirements.
- Work closely with the Software Team to ensure code and design integrity as well as product quality.
- Participate in testing process through unit testing and bug fixes.

Qualifications

- Diploma or Degree in Computer Sciences
- Minimum 2 years of experience in related position
- ASP.NET
- C#, web design and web service development
- Experience with JQuery
- Experience with AngularJS
- Experience with MS SQL Server and Database concepts
- Experience with Oracle and MySQL (preferred)

Interpersonal skills

- Strong English communication skills, including writing and documentation
- Well organized, and able to work under tight project deadlines
- Self-learner, analytical and able to work independently but also a team player
