CTO (Blockchain) to Singapore

📍 Київ,

Компанія: My Job

Рубрики: IT, WEB фахівці, Консалтинг

Побажання до співробітника

Освіта:	повна вища
Досвід роботи:	від п'яти років

Опис вакансії

We are helping our client in Singapore, an advisory firm providing services to 10-20 ICO's at a time, to find CTO who is good at multitasking between many clients' projects.

Skills

An important skill is to be able to work and coordinate the clients' team together with the subcontractors/partners for the list of services mentioned below:

- Smart Contract Dev (Bitcoin or Ethereum Blockchain)

- ICO/Crowdsale (Website Design and Development of a website)

- Cryptocurrency Wallet (Design and Development of Web Wallet)

- Android/iOS Wallet App (Translation of wallet into iOS/Android App)

- Block Explorer (Administrate your blockchain and manage users)

Important: you don't have to do an entire tech part yourself, but need to understand it enough to coordinate all the parties involved.

Experience:

- 6 years experience in general tech + experience in blockchain

- Coordination of Outsourced Architects

- Preferred experience of going through an ICO campaign

- Fluent English

Location: Singapore. Visa support is provided by the employer.

Please apply if you have the required experience in blockchain by submitting your CV to cv@my-job.com.ua.

Please mention the vacancy code in the subject field: SG-18–01. We will consider your CV and revert with the feedback.
