Опис вакансії

Novel Entertainment is product-oriented company, that develops mobile games and applications supported by IOS and Android. Combining high-end technologies and team professionalism, we contribute products of the highest quality standards.

At the moment, we have started new project (story-based application) and, therefore, we are looking for Level Designer/ Book Lead to join our friendly team. It is full-time job and requires USA time zone business hours (from 1-3 pm to 10-12 midnight of our time). Pay rate is competitive and discussable.If the opportunity to realize your fullest potential with start-up project sounds challenging, please send your current CV or LinkedIn profile to olesya.k@read.games

Requirements and qualifications:

Analytical and structured thinking is a must;

Excellent oral and written skills in both English and Russian/Ukrainian (advanced/fluent English level is essential);

Strong self-organizational and time management skills, ability to work with minimum control along with keen attention to details;

Ability to handle several projects at the same time.

Responsibilities:

Step by step creation a block-scheme for the book-story together with Writer;

Game features and game mechanics rearrangement;

Ideation of interesting backstories, characters, locations, game worlds;

Accept and incorporate feedback, adapt writing to meet requirements;

Hollywood scenario arc, control of input data (genre, style, topic);

Technical tasks for artists;

Working with project documentation and specification;

Will be a plus:

Technical major, experience in game design;

Understanding of mobile games.
