Опис вакансії

Intetics Inc (intetics.com), one of the leaders in custom software development services, is currently hiring Business Analyst/Product Owner. If you strive for new career opportunities in a company with extensive business portfolio and excellent production process, have a successful experience in business analysis, and is ready to take new challenges – please feel free to apply.

Responsibilities

- Communicate with the customer about business needs, requirements, reviews of mockups as well as the implementation
- Constructing of the mockups and flow to specify the overall functionality of the software
- QA of working prototypes to make sure the implementation proceeds as planned, and will live up to the requirements of the customer
- Interact with the programmers directly to guide the implementation and ensure success
- Make plans and keep deadlines

Requirements

- 3+ years of experience in IT sphere
- Business process analysis and improvement
- Requirement specifications gathering and documentation
- Extensive experience with planning documents
- Usability-focused functional design and testing
- Good attention to details, communication and leadership skills
- English - Fluent

Intetics believes our employees are our most valuable asset. Upon contact, we will discuss our benefits package in more detail.
