Побажання до співробітника

Освіта:	повна вища
Досвід роботи:	не вимагається
Графік роботи:	повний робочий день

Опис вакансії

We invite novice .NET developers to take part in the trainee program of DataArt. The goal of this program is to bring specialists to a level that will allow them to work independently on IT projects. Under the guidance of an experienced supervisor, a trainee will solve problems in real projects.

If at the end of the test period a trainee reaches the required professional level, he or she will receive a .NET Developer qualification and will continue to work in DataArt full time.

Required Skills and Experience:

- Understanding of OOP principles, knowledge of algorithms and data structures.
- Skills of development on C#.
- Basic knowledge of .NET.
- Basic knowledge of web development: ASP.NET MVC, JavaScript, HTML5.
- Good spoken English.

Additional Competences:

- Knowledge of .NET stack (WPF, Multithreading, LINQ).
- Experience in designing and developing databases.
- Knowledge of web frameworks: jQuery, Bootstrap, Angular.js.
- Skills of work with Git and other VCS.
- Experience in Unit testing: NUnit or MSTest.
- Knowledge of basic design patterns.

DataArt Offers:

• Professional Development:

- Experienced colleagues who are ready to share knowledge;
- The ability to switch projects, technology stacks, try yourself in different roles;
- More than 150 workplaces for advanced training;
- Study and practice of English: courses and communication with colleagues and clients from different countries;
- Support of speakers who make presentations at conferences and meetings of technology communities.
- The ability to focus on your work: a lack of bureaucracy and micromanagement, and convenient corporate services;
- Friendly atmosphere, concern for the comfort of specialists;
- Flexible schedule and the ability to work remotely;
- The ability to work in any of our development centers.
