Опис вакансії

Our client is one of the world's leaders in the online gambling market. Players from more than 100 countries enjoy our client's platform for gambling and sports betting. At present, the online casino market is experiencing consolidation and there is a growing demand for upgrading platforms and the implementation of modern solutions. Competition is fierce and constantly growing as well as user's expectations. DataArt specialists help the client to develop a new platform that is based on Golang.

Required Skills and Experience:

- Experience developing with Go;
- Skills working with MySQL and NoSQL;
- Excellent knowledge of the features of microservice architecture;
- Excellent understanding of HTTP and RESTful APIs.

Additional Competences:

- Experience working with Node.js;
- Excellent knowledge of JavaScript;
- Experience working with Git;
- Good spoken English.

DataArt Offers:

- Professional Development:
 - Experienced colleagues who are ready to share knowledge;
 - The ability to switch projects, technology stacks, try yourself in different roles;
 - More than 150 workplaces for advanced training;
 - Study and practice of English: courses and communication with colleagues and clients from different countries;
 - Support of speakers who make presentations at conferences and meetings of technology communities.
- The ability to focus on your work: a lack of bureaucracy and micromanagement, and convenient corporate services;
- Friendly atmosphere, concern for the comfort of specialists;
- Flexible schedule and the ability to work remotely;
- The ability to work in any of our development centers.
