Освіта:	середня
Досвід роботи:	не вимагається
Графік роботи:	повний робочий день

Опис вакансії

Blockchain allows the reduction of costs and minimizes the time needed for solving problems and eliminating errors in a system. This technology changes traditional business processes and the method of cooperation with regulatory agencies. DataArt specialists work on blockchain projects in large financial structures and innovative startups. The technology allows the protection of data that companies work with. At the same time, this information becomes more accessible and transparent for business use

Required Skills and Experience

At least 3 years of web development experience;
Knowledge of the principles of operating blockchain systems and smart contracts;
Experience working with Hyperledger Fabric;
Good knowledge of Java;
Basic knowledge of Go;
Understanding Docker container configuration and relevant experience;
Experience building system architecture;
Excellent understanding of HTTP and RESTful APIs;
Ability to establish and maintain complex algorithms;
Spoken English

Additional Competences

Understanding the basics of cryptography;
Deep understanding of the blockchain theory: PoW, PoS, TaPoS, DPoS and other consensus algorithms;
Experience developing a blockchain-based product

DataArt offers:

Professional Development:
— Experienced colleagues who are ready to share knowledge;
— The ability to switch projects, technology stacks, try yourself in different roles;
— More than 150 workplaces for advanced training;
— Study and practice of English: courses and communication with colleagues and clients from different countries;
— Support of speakers who make presentations at conferences and meetings of technology communities.

The ability to focus on your work: a lack of bureaucracy and micromanagement, and convenient corporate services;

Friendly atmosphere, concern for the comfort of specialists;

Flexible schedule (there are core mandatory hours), the ability to work remotely upon agreement with colleagues;

The ability to work in any of our development centers.
