Опис вакансії

This is a remote, home-based position.

Scopic Software (www.scopicsoftware.com) is the largest virtual software company in the world. We have over 200 employees spread across 25 different countries. All employees work from home. We develop custom software applications for clients in North America and Europe. The company is looking to hire a talented Senior Web Developer. Work hours are flexible and projects are interesting and challenging.

Requirements:

- 3+ years of software development experience
- Excellent back-end and front-end programming skills
- Experience implementing modern user interfaces
- Experience developing multi-tiered scalable and secure web applications
- Proficiency in two or more programming languages, JavaScript, C#, Python, Ruby, Java, and/or PHP
- Strong experience with frameworks and libraries including, AngularJS and MVC frameworks
- Experience with HTML, HTML5, and CSS
- Proficiency in SQL (e.g., MySQL) and NoSQL (e.g., MongoDB) databases
- Experience working as a technical lead
- Experience with software architecture
- Good reading, writing, and verbal English skills
- Dedication and discipline to work remotely from home
- Bachelor's degree or higher

Skills Preferred (Optional):

- Desire to learn additional programming languages
- Experience with audio and video programming
- Experience with 2D/3D graphics
- Experience with Amazon Services

This is a full-time position.

Hourly rate range is \$18- \$22 or equivalent salary depending upon skills and experience.
