Опис вакансії

This is a remote, home-based position.

Scopic Software is the largest virtual software company in the world. We have over 200 employees in over 25 countries. All employees work from home. We develop custom software applications for clients in North America and Europe. The company is looking to hire a talented **Intermediate C++ 3D Graphics Developer**. Work hours are flexible. Projects are interesting and challenging.

Required Skills:

- 2+ years of experience in software development
- Strong C++ programming ability
- Proficiency with Qt
- Experience with 3D graphics APIs (OpenGL, Direct3D)
- Strong mathematic and algorithm skills (especially with Numerical Methods)
- Good English reading and writing skills
- Ability to work to a schedule and meet deadlines
- Interest and discipline to work effectively from home
- Bachelor's degree or equivalent experience

Preferred Skills:

- Experience with CUDA
- Experience with Voxel modeling
- Experience with Digital Signal Processing
- Experience with Visual Studio
- Experience with network programming (e.g. sockets, TCP connection)
- Experience with .Net and Python

This is a full-time position.

Part-time can be considered for the right candidate.

Hourly rate range \$15- \$22 USD depending upon skills and experience.
