**Опис
вакансії**

Project description:
Dev-Pro is a US-based outsourcing software development company that has more than 20 ongoing projects and now counts 200+ professionals. Business Analysts are one of the main contributors to our successful long-term partnership with our clients who are from different business domains, have the variety of ideas and different business needs. We are looking for a Business Analysts to join our Dev-Pro team.

Role description:
• Become the main point of communication with product stakeholders in terms of requirements and product functionality;
• Engage in presale negotiations to define product vision and scope of prospective work;
• Elicit, analyze and document software requirements;
• Assist stakeholders in priorities management for the features;
• Visualize workflows of the developed solution by means of Use Case and Activity diagrams (UML) or Process and Collaboration models (BPMN);
• Prepare UI wireframes and/or prototypes, assist designers in designing UI and UX.;
• Trace the requirements;
• Manage changes, requested by stakeholders;
• Act as a proxy product owner (represent stakeholders for the team);
• Assist the team by clarifying the requirements, present requirements to the team;
• Deliver a presentation on implemented solution to the customer.

Required skills:
• Advanced English skills (both written and spoken);
• Excellent communication skills;
• Excellent analytic skills;
• Outstanding sense of duty and business ethics;
• Ability to explain complex concepts in simple words;
• 2+ year of work experience at a BA/Product Manager position
• Good theoretical and practical knowledge of BA methodology and tools (functional/non-functional requirements, use cases, user stories, traceability)
• Experience with bug tracking tools (Redmine, Jira)
• Experience working with modeling tools (Balsamiq, UXPin, Axure, Visio etc.)
• Attention to details

Desired skills:
• Technical background
• Knowledge of modeling notations (UML, BPMN)
• Expertise in some domain area (or the goal to become an expert in one)
• US visa
