## Опис вакансії

We are looking for Business Analyst for our current growing projects and for new projects.

Business Analyst will participate in Web and Mobile (iOS, Android) projects of different subject areas.

Requirements:

- fluent verbal and written English (for communication with customers and creating documentation);
- good communication skills (to work with customers and the development team);
- knowledge of mobile technologies;
- at least 0.5 year experience in IT or Business Analysis.

Preferred Qualifications:

- extensive expertise in Business Analysis;
- extensive usage of different Web and/or Mobile (iOS, Android) projects (it may help to better understand requirements or describe own ideas) and technologies;
- experience in Web and/or Mobile (iOS, Android) projects development for English-speaking customers;
- Interest to modern technologies – to the Internet of Things, wearable devices, smart homes;
- knowledge of other foreign languages.

Responsibilities:

- communication with customers to gather requirements;
- requirements analysis (Many requirements coming from customers are too general. Business Analyst needs to clarify details and rework requirements in such a way, to make them more understandable for the team);
- regular communication with developers, designers and QAs to present requirements to them;
- presentation of questions and ideas to a customer;
- presentation of a new project versions (releases) to customers.

IT Craft offers:

- competitive salary according to the qualifications;
- comfortable working environment;
- flexible working hours;
- benefits package;
- reward for sport activities;
- in-house English trainings.

Please send CV to [hr@itcraft.com.ua](mailto:hr@itcraft.com.ua) and cover letter focusing on your skills and achievements.
