Опис вакансії

Luckyware Pro cooperates with known German, Swiss, British, American and Canadian companies. We are looking for a knowledgeable, hard-working and goal-driven QA engineer to work on exciting projects with us. Key requirements:

- honesty, decency
- great communication skills
- responsibility
- thoroughness
- attention to detail
- organization
- English Level - Intermediate and higher; excellent understanding of technical documentation, writing bug reports and other technical documentation in a way that they are grammatically correct and also unambiguous and easy to understand

What we offer:

- Interesting projects
- Official employment
- Paid vacation days
- Bright office with modern renovation
- Convenient location of the office (3 minutes from a subway station)
- Flexible working hours
- Comfortable working conditions: a large table, two monitors
- Paid sports and activities
- An option to order lunch to the office
- Tea, coffee, fruit
- Corporate parties (New Year, the Company's birthday, monthly corporate events)
- Celebrating birthdays, work anniversaries and Company holidays with our employees
- Annual bonus "Health"
- Paid babysitting services for employees who came back from parental leave early
- Corporate English courses with a native speaker and a Russian-speaking teacher

We are waiting for your resume at: job@luckywarepro.com
