Опис вакансії

We are inviting an experienced **Middle Python Developer** to join the team of professionals at InStandart.

We are looking for a person for long-term cooperation who has deep knowledge and experience of Python development, likes to develop themselves, and wants to apply their knowledge in interesting projects.

Knowledge that will be necessary for your effective work:

* 2+ years of experience;
* Expert in Python;
* SQL;
* at least 1 year of experience working with Django, Flask;
* at least 1 year of experience with MySQL;
* RabbitMQ;
* Version control system experience (Git);
* Linux;
* English at the intermediate level and higher.

The additional advantages will be:

* Work experience in the area of e-commerce;
* Experience in working with Amazon Developer Services;
* Full Stack Developer experience;
* Experience in the teamwork.

InStandart offers:

* Experienced and friendly colleagues who are ready to share knowledge;
* Professional and Career Development;
* Comfortable working environment;
* Our office is situated in Kherson city center, near a large park;
* We have a dedicated office zone, a dining room with a kitchen, etc.;
* Flexible schedule and ability to work partially remotely (in some cases);
* Paid vacation;
* Corporate English courses twice a week;
* Natural aroma coffee and tea;
* Table tennis exercises in our professionally equipped sports room;

* Regular funny and exciting corporate and team building events.

We will be glad to consider your application!
