Досвід роботи: від п'яти років

Графік роботи: віддалена робота

Опис вакансії

Requirements:

3-10 years of UX / UI design experience

Experience in designing both responsive web and native mobile application

Identify and troubleshoot UX problems

Knowledge of wire-frame tools

Knowledge of Adobe Creative Suite and Sketch

Strong interpersonal skills and willingness to communicate with colleagues and management

Good time-management skills

Ability to work independently

Knowledge of photography and / or videography, a plus

Ability to lead end-to-end projects, from concept to delivery, and support ongoing improvements to products and features.

Ability to start from wire-frames and lead all the way to interactive prototypes for enabling A / B testing and UX research

Leading Design sprints with product managers and engineers

Proficiency with a variety of design tools such as Sketch, Illustrator, Marvel, Axure or similar.

Web-based information architecture and responsive design.

Passion for conversational design and language understanding, voice-interface design, or interactive design is a plus.

Bachelor's degree in digital design, graphic design, human-computer interaction (HCI), or equivalent professional experience as interactive / user experience designer.

Passion, enthusiasm, persistence, creativity, diplomacy, and a sense of humor.

Duties:

Conduct user experience through surveys and focus groups in collaboration with internal members and existing participants

Develop and refine target user personas

Perform user research to identify pain points and innovation opportunities

Gather and evaluate user requirements

Translate user stories and features into low-fidelity wireframes, storyboards, user flows, sitemaps, and other design artifacts

Create high-fidelity mockups and screen flows

Design ads, social media posts, landing pages, Email, menus, tabs and widgets and other online marketing collateral as needed

Ensure quality and user experience based on metric measurement

Conditions:

- Participate in an open, fun, entrepreneurial and creative company culture
- Global organisation and international opportunities
- Work from the location of your choice
- Competitive Salary
- Feature ownership — combine data and customer feedback to create meaningful solutions to the everyday problems our users face.
- Unlimited annual leave; we do our best work when we're feeling refreshed so take the time you need to relax!
- Flexible working — we trust you to work whenever and wherever you feel most productive.
- Found a great book, meetup or conference? We'll pay for the tools and resources to support your continued learning!
- It's important to stay healthy, so we'll pay towards your gym membership or fitness apps, and have Self Space appointments available
- BYOD – You are welcome to work from your own choice of laptop
