## Опис вакансії

Skelia is looking for **Automation QA Engineer** for long-term and full-time employment at its service center in **Lviv**, Ukraine. You will be a member of a team, acting as an extension of the Client's team based in Belgium.

## YOUR PROFILE

- Higher education in computer science/technical field
- 1+ years of experience in automation testing and good understanding of its concepts
- Experience in Java automation is preferred. Experience with other automation tools can also be considered
- Hands-on experiences in Selenium, Cucumber, Selenide, Rest-Assured
- Experience with Jira
- High level of spoken and written English
- Team player with good communication skills

## YOUR MISSION

- Work as a valued member of the team with a personal responsibility, adding value to all test activities as well as other activities in the team in order to deliver qualitative software as efficiently as possible
- Produce high-quality test assets as part of sprint testing
- Actively contribute and drive the on-going improvement of the testing process, test automation, knowledge, quality and best practice
- Maintain good visibility and communication of all activities with key stakeholders
- Ensure key issues detected are appropriately documented, flagged, communicated and handed over to the appropriate function to resolve in a timely manner
- Support releases into all environments including production
- Be able to implement key testing techniques to improve quality in our testing approach

## SKELIA OFFERS TO YOU

- Ongoing opportunities in international company
- European democratic management style
- Trainings and business trips abroad
- Language classes (English, Polish)
- 24 working days paid vacation
- Wide benefits and compensation package which includes one or several items according to your choice: paid lunches, access to gym/swimming pool, medical insurance and many other
- Office with comfortable workplaces in top class building facilities
- 8-hour working day and 5-day working week
- Social events for you and your family

In your resume please allow our company to use your personal data.
