Опис вакансії

UKEESS Software House is looking for a **Senior .NET Software Engineer** for the full-time position to help one of our teams to implement tools and processes around image processing pipelines and records digitalization processes.

About our project:

Our customer is the world's largest family history and consumer genetics company.

With more than 27+ billion digitized global historical records, 100+ million family trees, and 18 million people in a growing DNA database, our client helps customers discover their family stories and gain a new level of understanding about their lives. Passionate about dedicating your work to enriching people's lives? Join us!

The ideal candidate will be able to interpret and articulate business needs and demonstrate competency in providing business solutions.

Knowledge, Skills, and Competencies:

- at least 4+ years of experience in commercial software development surrounding NET/C#, MS SQL, MySQL, Web Services (REST, WCF)
- have experience in unit testing, performance optimization
- experience in front-end development using HTML, CSS, JavaScript, etc.
- experience in CI/CD
- English: Upper-intermediate level (both speaking and writing)

It will be a plus:

- experience with AWS
- experience with reverse engineering
- experience or strong knowledge of Java
- experience with RabbitMQ

Responsibilities:

- pioneer development of tools around image processing pipeline and records digitalization
- adhere to the organization's software solutions while following industry best practices surrounding AGILE methodologies
- must be able to work collaboratively in a team environment and have strong interpersonal skills

What do we offer our new colleague?

- interesting full-time position in a highly professional team and friendly company
- competitive compensation (also depending on the technical level of the candidate)
- flexible work schedule
- individual approach to a professional growth
- free English classes (online)
- 3 health packages to choose

- annual paid vacation and state holidays celebration
- lack of bureaucracy and micromanagement
- modern, comfortable office facilities (a barbecue zone, kitchens, company paid lunches, lounge rooms, coffee machines, etc.)
- foreign business trips (after the war)
- on-site parking lot and charge station for Electric Cars
- corporate gifts, celebrations, and fun activities
- sports activities: ping-pong, soccer, work-out

If you are looking for a position where you can work on a modern project in a big friendly team where you can apply all your skills and grow professionally further — send us your CV and let's get to know each other! ;)
