Опис вакансії

Since 2016, **Relokia** has been the trusted name in the data migration industry. With the help of our solutions, businesses can quickly and easily move their data between systems. We are now looking for an ambitious product manager to take charge of one of our products.

This position is for proactive people seeking professional growth and exciting challenges. Join our team to make a product that's already high-quality reach new heights.

You're expected to:

- Have experience with SaaS management
- Brainstorm ideas and identify areas for improvement, plan and track implementation, measure and analyze results.
- Understand SaaS metrics and their use
- Have a good knowledge of English (B2 and higher)

It's a big plus if you:

- have experience with B2B products
- Familiar with Agile, Scum, and Kanban

As a Product Manager, you will have to:

- Talk to clients to identify their needs and market trends.
- Define the product strategy and roadmap.
- Communicate what success looks like for a product, and inspire a team to turn that vision into a reality.
- Define and track KPIs. Coordinate teams and your work to meet those metrics.
- Participate in team KPIs identification and oversee internal teams according to those metrics.

Pay & Benefits

Relokia offers:

- flexible schedule
- 24 days of paid vacation and 10 days of paid sick leave
- official employment

- bonuses, fun team-building activities, and gifts

We also offer a competitive salary depending on your experience. Your skills improve, and compensation is reviewed.

Professional development opportunities like training, educational courses, and other activities aimed to help you become a better professional are compensated by Relokia.

Study and practice of English: take paid English courses and participate in internal English round tables.

Join our collaborative environment: learn from colleagues and gain recognition of your skills.
