Опис вакансії

At **Mobian**, we are passionate about turning ideas into functional and beautiful digital experiences. We specialize in developing custom mobile applications and digital products that help businesses grow, connect with their audience, and stay ahead of the competition. Now, we are looking for a **Mobile App Developer** to join our talented team and contribute to the creation of cutting-edge solutions.

What You'll Do:

- Develop, test, and maintain mobile applications for various platforms
- Collaborate closely with designers, developers, and project managers to bring creative ideas to life
- Write clean, maintainable, and efficient code while adhering to best practices
- Contribute to discussions about app architecture and design
- Continuously learn and adapt to new technologies, tools, and development trends
- Identify and solve performance issues to improve user experience
- Participate in code reviews and provide constructive feedback to your peers

What We're Looking For:

- Basic understanding of mobile development for Android and/or iOS
- Familiarity with Java, Kotlin, or Swift (depending on the platform)
- Experience or knowledge of working with REST APIs and integrating backend services
- A passion for clean code and attention to detail
- Eagerness to learn new technologies and improve your skills in mobile app development
- Good problem-solving skills and ability to work in a collaborative, team-oriented environment
- Knowledge of version control systems like Git is a plus

Why Mobian Studio?

- Be part of a creative and supportive team that values innovation
- Work on exciting and impactful projects for diverse clients
- Grow your skills and experience with continuous learning opportunities
- A collaborative work culture where your input matters and makes a difference

If you're passionate about mobile app development and want to be part of a forward-thinking company that values creativity and innovation, we'd love to hear from you! Join us at Mobian Studio and help shape the future of digital solutions.
