Опис вакансії

About Us:
TechTitans Creative Technology Hub is a dynamic and innovative online platform dedicated to empowering learners (teenager and adults) in creative technology industries. From Game Design to Animation, our comprehensive video library, interactive educational games, and thriving marketplace offer a unique learning experience for aspiring creators.

We're looking for a **Senior Character Animator** / **General Animator Educational Content Developer** who can combine technical expertise with a passion for teaching to develop engaging educational content for our platform and high-quality animations.

Key Responsibilities:

- **Content Development:**
  - Create clear, engaging, and structured educational videos focused on animation, including character animation techniques, workflows, and industry practices in English.
  - Develop lesson plans, scripts, and supplementary materials (e.g., exercises, projects, and quizzes) for beginner to advanced learners.
- **Animation Creation:**
  - Design and animate characters, environments, and scenes for our animated films and games.
- **Instructional Excellence:**
  - Break down complex animation concepts into easily understandable steps and principles.
  - Stay up-to-date with industry trends and incorporate cutting-edge techniques into the curriculum.
- **Team Collaboration:**
  - Work closely with other educators, designers, and developers to ensure content aligns with TechTitans' standards.
  - Provide feedback on animation projects and mentor junior contributors if applicable.

Requirements:

- **Technical Skills:**
  - Proficiency in industry-standard animation software (e.g., Adobe Animate, After Effects, Blender, Maya, or similar tools).
  - Strong understanding of character animation principles, rigging, motion, and storytelling.
  - Experience in 2D and/or 3D animation workflows.
- **Teaching & Communication:**
  - Previous experience in teaching, creating tutorials, or educational content is plus.
  - Excellent verbal and written communication skills in English. Knowledge of Greek is a great plus.
  - Ability to create well-structured educational materials and explain concepts clearly to diverse learners.
- **Professional Experience:**
  - 5+ years of professional experience in animation industry, as well as 2+ years of experience in character animation.
  - Strong portfolio showcasing character animations and relevant work samples.
- **Soft Skills:**
  - Creative thinker with a passion for empowering others to learn.
  - Highly organized and able to manage deadlines efficiently.
  - Collaborative mindset and ability to work in a team-oriented environment.

Why Join TechTitans?

- Be part of an innovative platform revolutionizing creative technology education.
- Flexible work environment with opportunities for growth and creativity.
- Collaborate with a passionate team of industry professionals.
- Inspire and educate the next generation of animators and creators.

To Apply:
Send your CV in English, portfolio or demo reel highlighting your animation skills experience to **careers@techtitans.gr**

We can’t wait to see how your creativity and expertise can help shape the future of animation education!
