About Instalimb

Instalimb is a Japan-based medical technology company transforming prosthetic care through AI, 3D scanning, CAD, and 3D printing. We are expanding our digital prosthetics project in Ukraine in partnership with hospitals, rehabilitation centers, universities, NGOs, and international organizations.

Role Summary

We are looking for a **Prosthetist & Orthotist (P&O)** to support clinical services, digital prosthetics production, staff training, and project implementation. You will work closely with patients and healthcare partners while helping establish high-quality digital prosthetics workflows across Ukraine.

Key Responsibilities

- Assess, fit, align, and follow up with prosthetic patients.
- Support digital prosthetics workflows (3D scanning, CAD, and central modeling).
- Train and mentor local P&O professionals.
- Coordinate with hospitals, rehabilitation centers, NGOs, and project partners.
- Maintain clinical records, quality standards, and operational reports.
- Support project implementation and continuous workflow improvement.

Qualifications

Required

- ISPO Category III (or higher) **or** minimum **2 years'** Prosthetics & Orthotics experience.
- Experience in prosthetic assessment, fitting, and alignment.
- Basic computer skills and willingness to travel within Ukraine.

Preferred

- Experience with CAD, 3D scanning, or 3D printing.
- Experience in training, rehabilitation projects, or NGO settings.
- English proficiency (higher salary band available).

Compensation & Benefits

- **Salary:** USD 800–2,500/month (based on experience and English proficiency)

- Monday–Friday, 9:00 AM–6:00 PM
- Paid leave in accordance with Ukrainian labor law
- Domestic travel within Ukraine and occasional international travel may be required.
